MICHIGAN FORESTERS' ASSOCIATION  
THE UNIVERSITY OF MICHIGAN  
Ann Arbor, Michigan

October, 1961

The last Directory of the Association was published in October, 1954. Since then several hundred new graduates have begun their professional careers and other alumni have changed employment or residence. Lack of communications with many alumni has resulted in no current address or employment information in our alumni files for those people. Twice in the past three years first-class mailings have been made to all alumni; a great number of returned letters indicates that many of our records are incorrect.

In this Directory, names are arranged alphabetically and are followed by degree, or degrees, and year granted, address, and employment. No address is given for those whose alumni card shows an invalid address.

Information on the current location of any of these "lost" alumni is urgently requested. Errors of all types should also be called to our attention so that proper correction can be made.

Secretary-Treasurer  
Everett L. Ellis 1958-61  
Archibald B. Cowan 1961
